

SEIPERS CORP. Is a newly established corporation, gearing towards becoming top rated trading & technical service innovator company for the semiconductor and electronics industry.

The core founders and incorporators have long and extensive hands on experience in the field of semiconductor & electronics industry, enabling it self having the foundation and solid ground in terms of know-how and technical capability which is a key in providing professional service to would be customers. With this, we strive always to commit total customer satisfaction in every way we do and everything we serve.

Our strategic global alliance is our advantage in which we have formed to offer competitive products and equipment to customers. Our long term goal is to do trade globally thus thereby contribute to the development of our local technology & know-how.

Corporate Overview :

Registered company name: **SEIPERS CORP.**

SEC Registration No. : CS200801050

TIN/VAT: 006-959-485

Business Office address: Unit B2, Regalena Bldg., Brgy. Tulo, Calamba,
Laguna

Corporate Information and Contact Person

Telephone: 049 - 5766501

Telefax: 049 - 5455073

Email Address: mspana@seiperscorp.com

: smasangkay@seiperscorp.com

Website : www.seiperscorp.com

Contact Person: Melany Spana

Mobile: 09088660653

Bank Account: 001298006203- BDO Calamba Branch- Peso Account

001290142678- BDO Calamba Branch- Dollar Account

Our Technical Solution Provider Partners :

- ❖ I-Solutions Technology Pte. Ltd.- *Vision Systems*
- ❖ Pacothane Technologies (USA)- *Release film*
- ❖ Micromach LLP (Singapore)- *Micro-drilling & Rubber machining (Precision)*
- ❖ SM Associates Inc.- *Intercon Machine Builders USA*
- ❖ SMT Inc. – *Singapore*
- ❖ Suzhou Finemac Technologies Co. Ltd.- *CHINA*

Products Local / Abroad

- SBS Nest Toolings
 - Nest Toolings, Rubber Nest, Rubber Platform, Locator Pins for Nest, Base Platforms
- Design and Fabrication for any Special Toolings / Jigs
- Metal Parts Surface Treatment for Jigs, Fixtures, Carriers
 - Re-Hard Chrome Plating, Polishing, Sandblasting, Aluminum, Anodizing
- Fabrication and Reverse Engineering for metals, plastics, aluminums (Jigs & Fixtures), Stainless steel, etc..

Products Abroad

- SUB Products for SBS Handlers
- ROBO-Board for SBS Handlers, Motors and Drivers, LCD Panels for SBS Handlers, DMS Boards, Rotary Table, Sponge for PNP varying from size of 3.5mm to 10.00mm
- European and Japan system spare parts consumables
 - Hard to find sensors, cylinders, amplifiers, controllers, gauges, etc..

Products Local / Abroad

- Vision System Process Integration
 - In-line Vision Process Inspection
 - Substrate Vision Inspection & Automation
- Saw Singulation System
 - SB-S Series for DISCO Sawing Spindle, Arbor Rehab and Rehabilitation of Air or Mechanical Spindle, Parts supply and Singulation System

Products Local / Abroad

- Automolding Rehabilitation, Process upgrade, modification
 - Loaders / Unloaders modification improvement, Deculler / Degater upgrade modification improvement, Pellet loading assembly modification upgrade improvement.
- Mold Toolings spare parts consumable for Automolding and MGP molding tool sets.
 - Cavity mold, Runner blocks, chase assembly, Pot bushing and Plungers, Reverse Engineering capability.

Products Local / Abroad

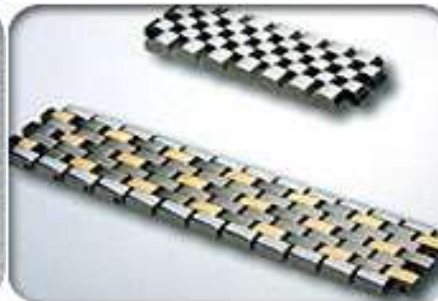

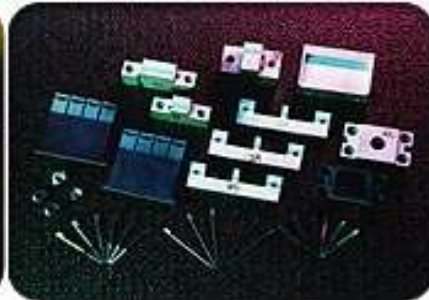

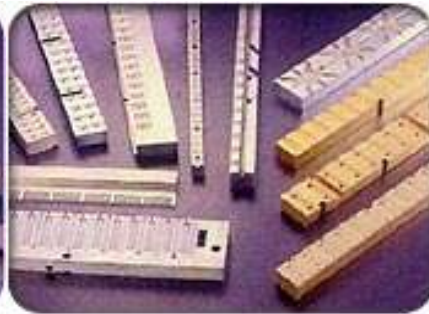

- Trim and Form
 - Toolings and Spare Parts, Punch & Die, etc..
- Wire Bond and Die Bond (Die Attached)
 - Toolings and Spare Parts, Clamp & Insert, Dispensing Nozzles, Needle Holder (Needle Adaptor), Pepper Pot, etc..
- Pneumatics Cylinders and AC Servo Motor / Application sensors
- Trading of used & refurbished Semiconductor Equipments

Products Local

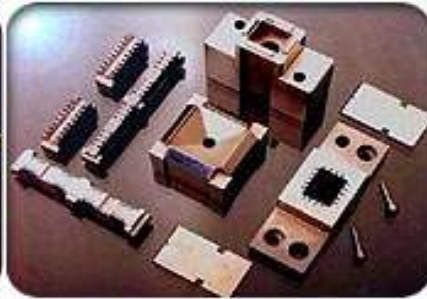

- AC Servo Motor Repair, Industrial Motors, Special Motors, Controllers, etc..
- DISCO Singulation DI Water Chillers Systems
- Etc...
